

# *Butterflies of the Colorado Front Range*

A Photographic Guide to 100 Species  
*Second Edition*

by Janet R. Chu & Stephen R. Jones

Boulder County Nature Association

## *E-Book Now Available*

This newly expanded edition includes twenty additional species of these eye-catching insects. Striking photos and clear descriptions make it easy to identify 100 species frequently observed from the Wyoming border to Pueblo. A month-by-month chart reveals when and where to look for your favorite butterflies. Hyperlinks make it easy to compare and identify similar species.
