

Taste of PLT

Virtual Workshops for Educators

Are you looking for new opportunities and activities to engage learners outdoors?

Get a flavor of what
PROJECT LEARNING TREE
has to offer at these “Taste of PLT”
virtual workshops.

Connect in a live Zoom session with PLT facilitators to explore the PLT program, engage in hands-on activities and learn about PLT resources for virtual and remote learning. You will receive an activity you can complete with your students and get a preview of upcoming, full-length, virtual PLT workshops in October.
