Definition:

Performs a wide variety of semi-skilled and skilled tasks related to wildlife management, vegetation management, and grounds maintenance of open space, nature areas, greenways, and other City owned lands with natural resource values.

Principal Duties:

Assist with prairie dog management tasks including monitoring, lethal control, relocations and barrier installation and maintenance. Assist with wildlife inventory and monitoring including aquatic and terrestrial species. Utilize GPS units and ArcGIS software to map and monitor populations of weeds, native vegetation and wildlife. Follows and implements the guidelines as set forth in the City of Longmont Wildlife Management Plan. This position should have a good

understanding of wildlife management principles and practices, inventory and monitoring practices as well as an understanding of habitat enhancements to assure wildlife diversity. Control noxious and other invasive weeds utilizing integrated weed management techniques including mapping, monitoring, mowing, clipping, and pulling. Also mixing, loading, and applying herbicides using motorized and/or hand-held equipment. Coordinate weed control and re-vegetation efforts with other City Divisions and workgroups. Perform native re-vegetation including seeding native plants using a seed drill or broadcast methods and planting, watering, and protecting native trees and shrubs. This task also includes plant propagation, native seed collection and maintenance and upkeep of the City's native greenhouse and nursery. Operate, maintain, and perform minor repairs on equipment and vehicles, such as ATVs, tractors, mowers, trucks, sprayers, seed drills, weed whips, chainsaws, etc. Follow requirements and regulations of local, county, state, and federal weed control programs, including all requirements relevant to pesticide storage, mixing, application, and disposal. Provide notification to at-risk public prior to pesticide application, and follow re-entry regulations after application. Record and maintain appropriate records and reports as required by the Environmental Protection Agency, Colorado Department of Agriculture, Colorado Parks and Wildlife, and U.S. Fish and Wildlife Service. May assist park maintenance crews in park maintenance projects including snow removal, the use of hand and power tools and the operation of heavy equipment. Coordinate scheduling of work conducted by associated contractors. Performs essential duties and additional tasks in a manner which enhances City Attributes.

Working Environment:

Work is performed outside most of the time, under varying and extreme weather conditions. Work includes exposure to noise, sun, insects, fumes, noise, dust, pollen, gases and oils, solvents and chemicals, including a variety of herbicides and pesticides. Work requires considerable physical effort including lifting and carrying up to 50 pounds, bending, stooping, kneeling, climbing, pulling, pushing, walking, and standing for extended periods of time. Coordination of eyes, hands, legs, and body is needed. Work requires ability to read and understand herbicide labels, material safety data sheets, and equipment manuals, and ability to perform written record-keeping. Must be able to work alone or in a group on multiple concurrent tasks with frequent customer contact. Must be able to occasionally work overtime, holidays, weekends, nights, and adjusted schedules as needed. Incumbents in this position must be able to meet the physical requirements necessary to do the job.

Qualifications:

A combination of education and experience equivalent to two years of college level coursework in natural resource management or related field or two or more years of work experience in natural resource management. At least four years of college level course work or other technical training in natural resource management, wildlife biology, or related field is preferred. ***Special Qualifications:*** Possession of a valid Colorado Driver's License. Ability to obtain and maintain a Colorado Department of Agriculture Certified Operator Pesticide Applicators License in the categories of Rangeland, Industrial and Right-of-Way, Aquatic, Turf and Ornamental within four

months of hire. Ability to obtain Qualified Supervisor license and add categories as needed. Existing license is preferred. Ability to obtain and maintain a S-130/190 Basic Firefighting and Wildland Fire Behavior Certification within six months of hire. Completion of or ability to complete community first aid, CPR/AED, ATV training, and defensive driving training.

Selection

The selection process will include complete job description review, personal interview, physical abilities testing, background investigation, criminal background check, and substance screening.

DEADLINE: 11:59 P.M. ON January 19, 2022

Online application (required) must be successfully submitted by 11:59 p.m. on January 19, 2022. The online application process is available for this position on our website at www.longmontcolorado.gov/jobs. Resumes are not accepted in lieu of the City Application. For more information, call (303) 651-8609.

The City of Longmont offers Equal Opportunity for employment to all qualified applicants. It is the policy of the City of Longmont not to discriminate on the basis of race, color, religion, creed, national origin, sex, sexual orientation, age, ancestry, veteran status, or disability unless related to a bona fide occupational requirement.
